- Something to write .....
- A library event .....
- Something to create .....
- A new thing to cook/bake .....
- An experiment to do .....
- .....
- .....

# Parent Guide

Dear Parent,

Continuing to learn and explore through the summer months is so important for helping your child retain their hard-earned knowledge. I know that sometimes it can be hard to think of new and exciting ways to keep your child's brain engaged over summer break. Use this worksheet at the beginning of the summer to help your child brainstorm fun learning activities they would like to do over the break. When bored, or at a loss for what to do, refer to the list for a fun and stimulating activity.

I hope that this worksheet helps you and your child have a fun conversation about your summer to-dos! If you have any questions or suggestions, please don't hesitate to email me at [info@zoiehoffman.com](mailto:info@zoiehoffman.com).
